

In accordance with Chapter 6, Section 2(m) of the Wyoming Air Quality Standards and Regulations, notice is hereby given that the State of Wyoming, Department of Environmental Quality, Division of Air Quality, proposes to approve a request by Big Horn Redi Mix, Inc. to establish the Goton Pit. The Goton Pit will include sand and gravel crushing, screening, exposed acreage, stockpiling and haul activity, located in the NE¼ NE¼ of Section 29, T52N, R93W, approximately two (2) miles south of the United States Post Office at 401 Greybull Ave, Greybull, in Big Horn County, Wyoming. The applicant estimates an annual production rate of 50,000 tons. No concrete batch plants or hot mix asphalt plants are planned for this site.

For the duration of the public comment period, copies of the permit application, the agency's analysis, and the public notice are available for public inspection online at <http://deq.wyoming.gov/aqd/new-source-review/resources/applications-on-notice/> and at the Big Horn County Clerk's Office, Basin, Wyoming. In accordance with the Americans with Disabilities Act, special assistance or alternate formats will be made available upon request for individuals with disabilities.

Written comments may be directed to Steven A. Dietrich, Administrator, Division of Air Quality, Department of Environmental Quality, 122 W. 25th St., Cheyenne, Wyoming 82002 or by fax (307) 777-5616. Please reference A0000296 in your comment. Comments submitted by email will not be included in the administrative record. All comments received by 5:00 p.m., Monday, September 28, 2015 will be considered in the final determination on this application. A public hearing will be conducted only if in the opinion of the administrator sufficient interest is generated or if an aggrieved party so requests.
